Yu Shi

During the quarter, about how many hours on average per week did you interact with this TA in section, class, lab, office hours, and other meetings?	2

Yu Shi

How much did you learn from this TA?	A great deal

Yu Shi

Overall, how effective was the instruction you received from this TA?	Extremely effective

Yu Shi

What skills or knowledge did you learn or improve from this TA?	Typos from lecture notes, clarify homework solutions, etc. Also most importantly, sense of responsibility as a TA!

Yu Shi

What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:	Layout the structure / flow to solve a certain type of questions
Aspect 2:	Visualize each step with figures, charts,etc
Aspect 3:	Provide intuition on interpretation of results and figures

Yu Shi

How can this TA's teaching be improved? (Please type one idea in each box below.) - Aspect 1:	Pause for longer time between sentences. And no need to fill up "Er" between them
Aspect 2:

Yu Shi

How much did you learn from this TA?	A lot

Yu Shi

Overall, how effective was the instruction you received from this TA?	Extremely effective

Yu Shi

What skills or knowledge did you learn or improve from this TA?	General EM, and how to solve the problems. This TA delivered lectures as well. His lectures are clear and usually explain further what the Professor might have missed.

Yu Shi

What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:	The TA would ask some "what if" questions. So say if we change the angle of incidence, what is the impedance transformation equation gonna be like, depending on the polarization. It tests my understanding of the concept rather than rote memorization.
Aspect 2:	Always able to answer spontaneous questions, and be upfront when he doesn't know the answer yet.
Aspect 3:	

Yu Shi

How can this TA's teaching be improved? (Please type one idea in each box below.) - Aspect 1:	Design questions without ambiguity. Sometimes it's hard to understand the problems' conditions.

Yu Shi

Overall, how effective was the instruction you received from this TA?	Extremely effective

Yu Shi

What skills or knowledge did you learn or improve from this TA?	Helped me understand impedance transformation methods for dealing with optical structures. Did a great job solidifying tricky topics from lecture.

Yu Shi

What aspects of this TA's teaching were most helpful to you? (Please type one idea in each box below.) Aspect 1:	Yu Shi, or "Jerry" as we like to call him, was very thorough in explanations.
Aspect 2:	He gave several explanations for the same phenomenon, which helped enormously in gaining qualitative understanding of the material.
Aspect 3:	He had a great sense of humor and kept the students engaged.
